

Armagh Observatory and Planetarium

Register of Interests for Board of Governors, Management Committee and Director – 2019/20

NAME	INTERESTS DECLARED
<p>The Very Reverend Dean Gregory Dunstan</p>	<p><u>Self</u> Governor of The Royal School, Armagh and chair of its Management Committee (A Committee of the Board of Governors). Governor and Guardian of Armagh Robinson Library. Keeper of Armagh Robinson Library.</p>
<p>Mr Greg Berry</p>	<p><u>Self</u> Governor of the Royal School Armagh, which has an interest in lands along with AOP at College Hill Armagh, and these lands are subject to a development proposal.</p>
<p>Professor Alan Fitzsimmons (since 18 April 2019)</p>	<p><u>Self</u> Board Member of the Northern Ireland Science Festival (NISF). The Armagh Observatory & Planetarium holds several events in the NISF each year, each of which requires submission of an event proposal to the NISF. The NISF Board does not take part in NISF events selection process and at present there is no conflict of interest. However, if the approval of NISF events involved the NISF Board there would be a potential conflict, at which point I would have to remove myself from that decision-making process.</p>
<p>Mr Roger Wilson (since 1 December 2019)</p>	<p><u>Self</u> As an employee of Armagh City Banbridge and Craigavon Borough Council any matters coming under the remit of afore-mentioned Council might have the potential to conflict with my position in Armagh Observatory & Planetarium.</p>
<p>Mr Brett Hannam</p>	<p><u>Self</u> CEO of Strategic Investment Board Ltd (SIB). At the request of the Department for Communities, SIB has completed work on behalf of AOP and its partners in the past 12 months and I expect this to continue in the coming year. <u>Family/Friends/Associates etc</u> Family member is a teacher at Armstrong Primary School, with which AOP has had business dealings in past years. These may continue in the future.</p>
<p>Professor Michael Burton</p>	<p><u>Self</u> Division B President (“Facilities, Technologies, Data Science”) of the International Astronomical Union (the peak international body for</p>

astronomy).

Fellow of the Royal Astronomical Society, the Royal Society of New South Wales, the Astronomical Society of Australia and of the Australian Institute for Physics.
